Volunteers for Army Under Eighteen Years

The minimum age limit for voluntary enlistment in the United States Army is fixed by Congress at 18 years There have been so many applications for releases from the Army of boys under this age who have enlisted that Adjt Gen Henry P McCain has issued the following circular letter-

"The large number of applications received from parents and guardians for the discharge of minors under 18 years of age, inclosing satisfactory evidence that the soldier is under this age, indicates the necessity of more care on the part of recruiting officers in order to avoid unnecessary expense to the Government and annoyance to troops in the field in the subsequent discharge of such men, and to avoid placing a blot for life on the record of a boy whose offense of misstatement of his age arises usually from a patriotic desire to serve his country.

"Hereafter no applicant under the registration age will be accepted or enlisted until he has proven to the complete satisfaction of the recruiting officer that he has reached the age of 18 years The proof required will be (a) birth certificate, baptismal record, or school certificate, or, in case (a) is not available, (b) affidavit of parent or of guardian with legal evidence of guardianship"

Mr. W. G. Foster Passes to Beyond

The People of Englewood and surrounding districts were greatly surprised and grieved to learn of the dealth of Mr W G Foster, which took place Sunday afternoon, July 28th

Although Mr Foster had been ill for about three weeks his death was sudden and unexpected Everything that could be done by medical aid and the loving hands of a devoted mother was done to save his life, but a sudden attack of heart failure carried him off

Mr Foster was one of the best known and beloved young men of Englewood His friends and admirers were beyond count He was known not only in Chicago but in many other places From Dayton, Ohio, where he had spent much of his time, come many expressions of love and sympathy

Mr Foster was a member of the Knights of Columbus, Catholic Order of Foresters and Royal Order of Moose

He was the only son of Mrs S E Foster and Denis Foster and was 34 years old Much sympathy is felt for the family in their sad bereavement

The funeral will be held Wednesday morning at 10 o'clock from the Lady of Our Solace church, 62nd and Sangamon Sts

People and War Taxes

More than $3,600,000,000 has been collected in internal revenue taxes, including income and excess-profits taxes, for the fiscal year This exceeds by over $100,000,000 the estimates made a few months ago, and by over $200,000,000 the estimates made a year ago when the revenue measures were passed by Congress

The success in collecting this large revenue is attributed b ythe Treasury Department to the patriotism and cooperation of the American people in promptly and cheerfully meeting the war burdens imposed upon them.

You Are Doing It

Every time you read, you puchasers of Liberty Bonds and War Savings Stamps, of what the United States is doing in France in building wharves and railroads, or deluging the Germans with gas or shelling them out of position with big guns or shrapnel, or of bombing their aresnals or cities, or of the great work of our Army and our Navy, or of the building of ships here, or of any or all of the great or small achievements of America, here or abroad or on the seas, you buyers of Liberty Bonds and War Savings Stamps truthfully can say, "I had a hand in this", "I contributed to this", "I am helping do this", "It is part my work"

Everybody Can Help

Every man woman and child in America can help win the war Every man woman and child who buys a Liberty Bond or a War Savings Stamp does something toward winning the war enlists in one division of national service supporting the Government and backing up our fighting men in France and on the seas

There are enemy aliens and there are native aliens The American who does not do his part toward winning the war, who neither fights nor works nor lends for victory is as much an alien to America's purposes and America's cause as the fiercest Prussian interned in this country

This is a war of peoples as well as of nations and each individual has a place and a duty

CONSTANCE AT HER BEST—NUFF SED

This was one of the big, musical comedy successes in New York last season and with Constance Talmadge in the role of the scheming little wife who was after that $50 000 for friend Paul—you may be prepared for a perfect giggle of laughter all the way through the five reels. You see Connie thought Uncle Batiste who had all the money was only going to stay a few hours and so she didn't mind in the least posing as the wife of Paul Bourdeaux, her husband's partner to get that money. But then Uncle liked the place so well that he decided to stay a month. You can imagine the result. There's a laugh in every foot of film and a perfect mass of thrilling situations.

Come and See a Man Who Has Been a

GERMAN CAPTIVE

Come and Talk With Him and Ask Him Questions

Corporal Douglas Leighton

Of the Canadian Highlanders Known as the "Ladies from Hell"

He has been in the thick of the fight for over two years on the Flanders front. He fought in France. He fought in Belgium. He has had the experience of being gassed. Was also cut off from his regiment and taken captive by the Huns. He was then sent back 35 miles from the front and placed in a guarded convent with many other prisoners. One dark night during a terrible storm he escaped and made his way back to the Canadian lines. Hiding in woods and shell holes during the day and traveling only at night. He has been twice wounded and has had the pleasure of killing a German soldier in No Man's Land whom he found torturing the wounded. He put up quite an argument but as the Corporal tells you with a smile "This is his cap. I brought it with me for you see where he is now he won't need any." Come and ask him questions. Come and hear some real facts from one who has been there.

Dainty Enid Bennett
"A DESERT WOOING"

Enid Bennett the charming little Australian star has recently become the wife of Fred Niblo actor stage director and former husband of Josephine Cohan. That's a wee bit of gossip for you which perhaps you don't know. But we meant to tell you about Enid's latest picture—that is just a smattering of it. You see she plays a society girl who wants to marry for money—or rather her mother wants her to do so. But she finally marries a real live virile Westerner who takes her to his ranch and makes a real woman out of the piece of putty he found in the hands of an ambitious and debt ridden mother. The big scene comes when a former admirer tries to kill her husband and the wife makes him perform a surgical operation to save her husband's life.

THE WEEK'S CALENDAR AT THE COSMO

We want to apologize to our many Cosmo fans for the strenuous week that we have inflicted out before them. How in the world are you going to rest it all is the question. Let's take a survey right from the first.

Now on Monday

there is Gene Greene. You know you must see him for he is Chicago's own favorite but that's not all for we give you also on that day Wallace Reid in The Firefly of France.

Then on Tuesday

Gene once again in a new act. Also Constance Talmadge in Good Night Paul. Now if this was a bum picture we would say "Here's your chance to rest" but it is one of the best pictures that Constance has appeared in you will have to take your medicine and troop out. Tuesday night also

Wednesday and Thursday

Ha! ha! What's this? A little hope for we have a heart and this proves it Mary Pickford on Wednesday and Thursday. Now you see this will give you one night of rest. Let's you choice. True I know some will want to see Mary on both these nights but then—

Just Remember Friday

Corp Douglas Leighton of the Canadian Highlands will tell you how he was captured by the Huns and how he escaped. Also on that day Irene Castle in The First Law.

Then Saturday Comes

and with it dainty Enid Bennett in A Desert Wooing. Some picture we say. We are young to also hold Corp Leighton over for another day. And

Last But Not Least Sunday

we end the week in one big burst of glory for this day we present Viola Dana in Opportunity. Also vaudeville The Woman in the Web and other incidental reels. Now old man we ask your pardon but the only thing to do is to forget you are sleepy and make up your mind to have one big week with wife and the little ones for no matter how you cuss the Cosmo is going to be some musket this week.

MORAL. Follow the crowd. Only do it first and be sure of a seat.

IRENE CASTLE IN "THE FIRST LAW"

In the character of Norma Webb which she portrays in the story Irene Castle wears a widow's bonnet and veil. The picture was made and finished before the tragic accident which ended in the death of Captain Vernon Castle the husband of the young dancer but there are those who say that widow's weeds should never be worn except for an actual bereavement. Certain it is that only a short time afterwards word was sent all over the country of the death of the young Englishman in the service of his country. We shan't tell you a thing about the picture. Antonio Moreno plays opposite the young star.

The Soldier's Chances

Great as the danger and large as the losses in the aggregate, the individual soldier has plenty of chances of coming out of the war unscathed, or at least not badly injured.

Based on the mortality statistics of the allied armies, a soldier's chances are as follows:

Twenty-nine chances of coming home to one chance of being killed.

Forty-nine chances of recovering from wounds to one chance of dying from them.

One chance in 500 of losing a limb.

Will live five years longer because of physical training, is freer from disease in the Army than in civil life, and has better medical care at the front than at home.

In other wars from 10 to 15 men died from disease to 1 from bullets; in this war 1 man dies from disease to every 10 from bullets.

For those of our fighting men who do not escape scathless, the Government under the soldier and sailor insurance law gives protection to the wounded and their dependents and to the families and dependents of those who make the supreme sacrifice for their country.

Englefield Lots Selling Rapidly

Wm. E. Harmon & Co. report the sale of over 100 lots in their Englefield Subdivision at 77th St. and Ashland Ave. within the last four weeks, and they anticipate the rapid building up of the property to assist in the housing of the great number of employes which will be needed for the new munition plant building next door. As the government expects to have this plant in operation in four months it will mean the building up of the territory in this district rapidly, and should increase the values of vacant property substantially.

Mr. E. A. White, the sales manager for the firm, reports that 90 per cent of the buying in the Englefield plan is coming from the Englewood district, and he anticipates having the property completely sold within the next two or three weeks.

Englefield is a model subdivision, the greater portion of which includes all improvements, is well restricted to the price of buildings and set-back, and should prove an ideal spot for people coming to this district.

Mr. and Mrs. P. Klingleschmitt of 6600 Morgan St. are receiving congratulations on the birth of a daughter, July 17th.

Workingmen of America

---what did we promise Our Boys in France?

JUST THIS: That every minute of the day, every time they went into a trench, every time they went over the top, in a night patrol, every time they swept forward to smash a German trench, every time they risked themselves for the sale of Liberty and America — that we'd be back of them to the last ditch, giving for them, working for them, fighting for them in our factories to give them all the "tools" they need to lick the Kaiser.

There is only one way to make good on that promise—and that is for every last one of us, whether he runs a lathe or runs a 10,000-man plant, to put in every minute of his working day where it does the most good. Every working minute lost or wasted means less help for our men across the sea.

And there are not just minutes, but whole days lost every time a man changes his job. A man has to be found to replace him. He loses time in moving. He takes time to catch on to the ways in the new plant.

When a manufacturer needs more men, it is his duty to the country as a whole not to disturb plants that are engaged in essential war work, but to get the Government's help in finding men who can be taken from less important work. This can be done through the national labor clearing house that the Government has established with 500 branch offices and 20,000 agents of its recruiting division, the United States Public Service Reserve. There is no charge—and the Service is now placing 250,000 skilled and unskilled men monthly.

Let's keep ALL the essential war work going at top speed. Tell your labor needs to the local Examiner-in-Charge, local agent of the U. S. Public Service Reserve or to the Director General at Washington.

"INDUSTRY plays as essential and honorable role in this great struggle as do our military armaments. . . . Therefore, I solemnly urge all employers engaged in war work to refrain after August 1st, 1918, from recruiting unskilled labor in any manner except through this central agency. (U. S. Employment Service.)

"I urge labor to respond as loyally as heretofore to any calls issued by this agency for voluntary enlistment in essential industry. And I ask them both alike to remember that no sacrifice will have been in vain, if we are able to prove beyond all question that the highest and best form of efficiency is the spontaneous co-operation of a free people."

Being Particular Is the Secret of Our Success

Grand Opening
Englewood Theatre
Sunday, Aug. 4th

When I. H. Herk and Kelly and Damnel send out a show, whether it be musical comedy or burlesque, of vaudeville managers throughout the country accept that trademark as a sign of a big first class in every respect. The Herk of the Nite, the attraction which this firm is sending to the Englewood Theatre for an all week's engagement next week, is in no sense an exception. It certainly lives up to the traditions of the firm and if the enthusiasm of the public and the critics of the press are to be given weight it is one of the best burlesque offerings ever produced for the delight of an appreciative audience of burlesque devotees. The originality which pervades the production is the most striking feature for this is not only evidenced by several unique features but it also extends into the merest details connected with the costuming and the scenic equipment.

So realistic is the change that the tired business man is almost inclined to believe that a new type of girl has been discovered for the production. It isn't that but it is true that such unusual care has been taken in the choice of the chorusters that the girls are superior beauties reaching a higher beauty standard than many of the musical comedies attain. Most especially written for the production is also another proof that it has been the desire of the producers to spend money wherever anything could be procured which would better help the show. The cheapest way out has never been the policy of this firm. A mere glance at the names in the cast is a convincing proof that no blue pencil has been held over the salary list. Charlie Ward and Lew Bernard are the comedians; Maude Rockwell, the prima donna; Dot Barnett, the soubrette while others who are important members of the company are Billy Cochran, Bonnie Freedman, Blanche Nadeau, Harold Whalen, Carl Dellotto, Lew Tell. In "The Frolics of the Nite" the consistent follower of burlesque will find more than the customary allowance of burlesque diversion while the person who seldom goes to see a burlesque show will be made a more consistant attendant at the burlesque theatre if he goes to see "Frolics of the Nite."

"Faithful and True"
Alma B. Wilson

Near the great white silvery writers
On the altars of the sea
I heard the waves of the ocean
Sing a wonderful song to me,
Then saw a flag rise in beauty
The stars, the red, white and blue,
The song the waves were singing,
To the boys so Faithful and True

Above the skies dot the heavens
The sun sets in crimson glow,
A cloud of white as a ribbon
Pictures "Old Glory" below
Sweet chimes ring out in the breezes,
Liberty's sons calling you,
Leading men of all nations,
With the flag that is Faithful and True
